

CS 3300 Project 2 Status Update 3
Annie Zhang (zz229), Oren Michaely (om72), Rachel Liu (rl544)

Tasks Accomplished

Annie:

- Parsed satellite dataset for our use.
- Implemented upside down GDP bar chart.
- Created tooltips for each bar on the bar chart.
- Created scaling functions for the satellite visuals.
- Implemented colors and basic styling for what has been completed.

Oren:

- Parsed gdp dataset for our use.
- Implemented satellites visualizations
- Created tooltips for each satellite plotted.

Rachel:

- Header and styling, design choices.

To Do

Annie and Oren:

- Implement checkbox and slider functionalities for more interactivity.

Rachel:

- Clean up styling, input full header structure (uses, timeline slider) for Wednesday's presentation
